

I came to Baltimore City, Md. from Philadelphia, Pa. - Don't recollect date. but I had been living here nearly a year before Claimant was mustered out of the service. Know that he was mustered out of the service at Ft Federal Hill, this City, don't recollect date. I saw him while he was there - He was then suffering from a wound of right leg - Our families were then living in same house - and I distinctly recollect that he came to the house and I saw his wife dress the wound. Claimant told me that it was a bayonet wound, but I do not recall that he told me of the circumstances under which it was received - Since his discharge I have seen him on an average four or five times in each year. and know that he has been a constant sufferer from the wound - Sometimes he can hardly walk - and when working has often heard him say that his leg was giving out - Know that he has lost a great deal of time on account of it - is laid up at times two and three weeks at a time - Cannot state how much it has disabled him. Has had frequent attacks of rheumatism since discharge - Principally in his back and limbs.

I have previously testified in the claim, and the statements contained therein are correct.

I am Claimant's brother - when I enlisted in the U. S. Army. I gave my name as
