

28 was a single man at the time I knew him and so was John Chase,
 29 but Hall married Mary Williams and left me in the lurch. He was
 30 not in the Union Army or Navy. I did not live with him either,
 31 just let Hall visit me while I was employed at the house of Mr
 32 John Pernannus in Ellicott City on the hill. I never lived
 33 outside of Howard and Baltimore Counties Md since I came from West
 34 Virginia at the age of nine years. John Hall died in in the fall
 35 of 1905 at Ellicott City and left that wife Mary surviving but I
 36 do not know her address. Hall got married in 1874 and thats when
 37 our cohabitation ceased, it continued for twelve years as I have
 38 already told you more than once.

39 Qr. And your next husband was who?

40 Ans. James Amos Jackson. I aint had but three men. I have given
 41 birth to no children by anybody else. I had no man or men when
 42 Jackson was a running around, was working hard to get an honest
 43 living. I do not know who knew James A Jackson in Cecil County
 44 Md or at Port Deposit. My son Edward Jackson of Philadelphia,
 45 Joseph Edward Jackson, 1134 Bainbridge Street, a laborer, went to
 46 Cecil County to visit his fathers people and will know where to
 47 find them. And he found some of them at Gettysburg he said.
 48 I knew Ellen Diggs or Johnson and my husband boarded with her
 49 but it was after we were married. She had a child but not by my
 50 husband. And she was never the wife or mistress of James Amos
 51 Jackson. She and the child are dead. I can tell you nothing of
 52 the wife Rebecca but saw Gallie Weeks and helped to lay her out
 53 in 1873 in Hominy Lane in Baltimore in one of Sullivans houses.
 54 I just saw her a few times. I will swear she was dead years be-
 55 fore Jackson was married to me. I dont know who else can swear
 56 it. I know nothing about Mr Jackson living in the West at
 57 one time and serving on some police force. I dont believe it.
 58 I have no living children beside the one in Philadelphia, previ-
