

My son never
married but the
one person
was not married
& Leroy's wife
whose name before
she married Leroy
was ~~David~~ S. Hunt
Booker, or any
other woman that
she ever heard
of. Don't know who
he meant when
he wrote the letter
that his family
was sick.

In April 1895
the syringe I
knew of first
before in Baltimore
I'd see a woman
had been to see
him & try and
get my voice
restored but he
did not succeed
who she was and
he threatened to have
her arrested. Her
death before her
living quite or
boarded with the
wife of Dan Leroy
she is dead now
