DEPOSITION *A*Case of *Hester Abowman* No. *358469*

On this *2* day of *Sept*, 189*9*, at
Cal county of *Cal*,
 State of *Cal*, before me, *John A. [illegible]*, a
 special examiner of the Bureau of Pensions, personally appeared
 _____, who, being by me first duly sworn to
 answer truly all interrogatories propounded to him during this special
 examination of aforesaid claim for pension, deposes and says: That his
 age is _____ years; post-office address,

_____ ; occupation,
in Baltimore to Leva Hawkins, a
niece of my father's second wife. They
had ten children but they all died
when they were babies - she had children
very fast and that was the cause of
her death - none of them lived to grow
even to childhood - some of them
were dead born and some lived only
one or two days. The mother of these
children have been dead about 12 years.
- she died before he did - so that is a
mistake about her being dead 12 years
- she certainly died before he did.
I remember George W. Harris when he
came home out of the army, though I
was young then - he came to his mother's
house in Morris Alley. Yes, he was in
good health then. I think he worked about
the post office. He was in good health
a long time, cannot tell how many
years. I think he died of consumption.
I heard them say it was consumption
I know he had a cough. I think he had
the disease three or four months before
he died - I think he coughed about that
length of time. He appeared to be in
good health up to within three or four
