I am 39 years of age, I whitewash; reside and my city address is 128 Richmond St. I have known this Clint since 1872, I worked with ^{him} at whitewashing for about 17 years. He has complained of some throat trouble ever since I knew him, he says it is bronchitis, I know he has a tickling in his throat which causes a slight hacking cough, also causes hoarseness, yes sir that has been his condition ever since I knew him. I know he lost time from work by reason of the above ailment but I cant say how often or exact times he was from work. No, I cant remember of any other ailment of his. No, I know nothing as to him having rheumatism, or any other ailment. Yes, I think he did complain of sickness in 1873, he said it was a touch of the Pneumonia. His throat trouble existed before that. No, I cant say as treatment of his, or as to his being confined to his bed by reason of sickness.
