here and have not worked with  
or for anyone steadily since.

I have not had any physician  
since I came to this city.

I don't think there has been a  
week since I came out of the  
Army that I have not had a fit  
sometimes three and four a  
night. - They generally occur  
at night.

Q How long when did you lose those  
three fingers of your right hand?

A I had those fingers cut off by a cutting ma-  
chine while cutting feed for stock while  
at Dr. Jamison's (dead) about ten years ago.  
James Fry my brother was on the other  
side of the Machine and stopped it.

At the time I was taken with a swimming  
or giddiness in my head. I was not  
a fit - and I fell across the Machine  
and as I was feeding straw into the Ma-  
chine when I fell my hand went in  
under the knives.

I will be present at the examination  
when I can.
