

agree of these children more accurately. after hearing the claimant's statement as to dates of birth - I am sure she is correct but I can not say that I remember positively that the dates she gives are exactly true.

I have made an affidavit in this case. Dr. Carroll called upon me with a M.P. or some one and asked me about the date of birth of Walter - and he told me what Martin claimed was the date and after reflection I was satisfied the date was correct and let it be put in my statement as the correct date.

I am not related - not interested - and my answers are correctly recorded.
