

The claimant is without education - but like many others who have to depend upon memory alone - that faculty seems to have been developed to a greater extent than other equally important faculties.

She gave dates promptly - and I believe accurately.

The U. P. before whom she gave the data upon which her declaration is based - I believe responsible for error in dates of birth - for when I asked her dates of birth she said - he or she will be so old on such a date - mentioning next or last birth day leaving me to calculate the date.

She says her strength does not understand pension matters and seemed greatly "worried" each time she would go to him to make an affidavit.

The dates of birth of the two youngest children are established by the records of the attending physicians.

The family bible record is of no value for it contains the dates of birth of only the children
