H. Clay Crane Esq

Commissioner of Pensions

Dear Sir:

Yours just received and I hasten
to reply. I thought that I had
exhausted every source of information
concerning the birth of my children.
I sent the Doctors and the midwives
affidavits, and also my own to that
effect. The Bible contains no record
of the births of Garfield and Wallis
but the two girls names are there, of which,
I sent Mr Chapman a sworn transcript.

It is impossible for me to furnish any additional
evidence though I am very much in need of
the money, and why it is I have never
used received my husband's accrued pension.
I am at a loss to understand.

I have signed the Respectfully
voucher for this
money for the accrued
pension
Martha C. Wallis Ford.

Daughter
