DEPARTMENT OF THE INTERIOR,

R. S. T.

BUREAU OF PENSIONS.

WASHINGTON, D. C. Nov. 24, 1888.

Mr. Frank Mc.Clelland,
Special Examiner,
New York City.

Sir:

Herewith are returned to you the papers, including your report, in the claim for pension No. 536,135 of Horace Gibson, late of Co. "B" 7th. U. S. C. Vols., for the purpose of making a proper recommendation in the case. In the summary to said report you recommend "further examination at Baltimore, Md., for the testimony of Orderly Sergt. Jno. C. Kinyea as to origin."

Had you carefully examined the papers in the case you would have discovered that Mr. Kinyea had already been interviewed and had no knowledge whatever of the facts in the case. (See Special Examiner Loughran's letter, dated Oct. 30, 1888.)

For such carelessness you will charge yourself, on your first daily report after the receipt of this, with the return of one case to you for faulty and insufficient work, giving name and number, *and*
the basis of the charge
Please review your work more carefully in future before re-
