Commissioner.

When did you first see claimant after he returned from the army, and how do you fix the date?

Answer: I saw him in the hospital at the army.

Of what disability did he complain, and how was he affected?

Answer: With Piles and hemorrhoids and also pain in his shoulder from the time he was discharged.

How frequently have you seen him since your first acquaintance?

Answer: About once a day.

If he has continued to suffer with such disability, please describe the symptoms which were apparent to you, and state to what extent he has been disabled for manual labor thereby during each year?

Answer: He has often told me how much he was suffering with hemorrhoids and with pain in his shoulder and I think he is unable to do any manual labor at least one year.

My means of knowing the facts of the case are these:
