

part of July 1864.

That having partially recovered from this injury he had returned to duty and was in line of battle with his regiment at Deep Bottom near Petersburg Va. and was there struck by a limb of a tree which was cut off by a cannon ball, on the same ankle as stated in ~~my~~ his declaration filed Nov. 26th 1869. That the date then given is correct viz. on the 30th of September 1864.

That the facts as stated in his affidavit of Aug. 17th 1881 are correct except by some mistake which he cannot account for the date of the sprain is put in the fall of 1865 instead of July 1864. The name "Furnega's Camp" is but another name for Baldwin's Station Florida. That his Post Office Address is Easton Talbot County, Maryland.
