pastor of Mt Pisgah Church - a colored church
M.E. Church.

I cannot tell the date of the marriage - I have never taken any note of the exact date. I think they were married at the house of her grandmother - either there or at her aunt's house, I do not remember which. My brother Samuel Somerville was present. I cannot tell where he lives now, but he lives here in town somewhere, and works at gardening for Mrs. McShane at Mt Washington.

I made an affidavit in this case last fall a year ago, in Kent Co. Md. The claimant went with me to some squires there - cannot tell his name - living at Forktown. I presume she furnished the date of the marriage appearing in my former affidavit.

I cannot remember who were present at that marriage excepting my brother.

I have been correctly reported
