His present  
allegation, I  
think the years

be accepted,  
and you may  
settle the case  
accordingly.

In addition to  
age in the  
pending declaration  
I see that in  
application filed  
in 1894. Soldier  
stated age making  
him 64 in 1906,  
and as it is  
reasonably clear  
he can present  
no proof and  
age at enlistment  
cooperating
