Dear Sir:

This office has received an inquiry from the nephew of the late Mary M. Bowen who, prior to her death, was a beneficiary of the Veterans' Administration, relative to the action taken in the case subsequent to the death of the beneficiary. He understands that certain papers were sent to the undertaker - Charles G. Cooper, 514 North Calhoun Street, Baltimore, Maryland. It will be appreciated if you will advise him fully in regard to the case. His name and address is James Smith, Turner's Station, Maryland.

It should be added that the nephew reports that a check in the amount of \$38.00 was received shortly after the death of Mrs. Mary M. Bowen, and that it was returned to Washington. This amount, no doubt, was applied to the funeral bill of the beneficiary. However, the nephew is most anxious to know the true status of the case, and it will be greatly appreciated if he is furnished with the desired information.
