 worried him to talk I did not
 talk much with him. Annie
 Benson was living with him at
 the time, and they were living
 as husband and wife. I could
 not say how long they lived
 together, but I am satisfied it
 was as long as three years.

 they were living together as
 man and wife. I never heard
 till after his death that they
 had been married by license. I
 don't remember who told me that.
