

them. I cannot read and write and cannot
 therefore, keep account of dates. I know I
 was sworn once for him in the office of a
 Magistrate on Lexington St. while Mr Lloyd
 had his office on Lexington below Charles St.
 The Magistrate was just across the street.
 I don't remember the Magistrate's name nor
 can I now describe him. He was a settled
 man I think (De Buzinger) Mitchell and
 another man was with me then. I do
 not remember what I testified for Mitchell
 but once but I might have done so. I
 do not know who made the affidavit I went &
 sworn to on Lexington St. I remember a large
 man named Rice who used to be at Lloyd's.
 He never went anywhere with me to testify.
 I remember a magistrate at Lloyd's office who
 has sworn me for other people but I don't
 know his name. He was a thin man, middle
 aged and his hair was kind of mixed, turning gray.
 I do not know a squire named MacDonald at
 Lloyd's office. I do not know what I testified for
 Mitchell. The affidavit you now read of Mitchell
 having disease of eyes and ears in evidence is correct.
 I know he was "deaf" in evidence in account of his eyes,
 but I know his hearing was not good in evidence.
 I do not know what caused his disease of eyes in
 evidence, but I remember Capt. Garrick wanted him to
 go to hospital while we were at Deep Bottom, Va.
 but he would not go. I have no interest in this
 case. I fully understand the contents of this deposition.
