Deposition of Annie May Heath

, continued, sheet

1 Jacob Heath has no relatives in Kent county at present.
2 He was never a slave. I dont know who knew him on Kent
3 Island. There was a colored family on the island who
4 ran a boarding house where Mr Heath and I spent several
5 weeks about twenty years ago and their name was Heath
6 though not related to my husbands family. I forget the
7 location of that family or where we got off the train
8 to reach their house. Jacob Heath had a brother named
9 Roderack Heath who lived in Wilmington at one time and I
10 saw him once and know that he is dead - do not know
11 whether he left a wife or any children. And there was a
12 sister named Lizzie Wheeler who was a widow when I knew
13 her and she died in this city 12 or 13 years ago and left
14 no children. I cannot name any army comrades of Jacob
15 Heath. As to who has known him the longest I will name
16 the following: Shederick Johnson of Whatcoat st, a driver,
17 and Isaiah Brown of 1307 Division st, and Johnsons right
18 name may be Perry Johnson. I never met any of the soldier
19 friends of Jacob Heath. And Perry Johnson has a brother
20 named Shederick Johnson come to think of it who knew Mr
21 Heath a long time back. The first and second wives of
22 Jacob Heath were sisters and Isaiah Brown is a brother of
23 those two wives. Sadonia Mason has no brothers or sisters
24 to my knowledge. The following persons have known me
25 ever since I became of a marriageable age: Emma Harris
26 of Dolphin st and Mary Tibbs of the same street, and I
27 have an old fellow servant in this city of the name of
28 George Satchell who knew me in Accomac county in childhood
29 though we do not see each other very often. I do not
30 know the address of George Satchell but he is a pensioner.
31 Mary Maker of W Franklin street, it is near Myrtle ave,
32 in Baltimore has known me ever since I was a child almost.
33 I had no children in the World War and I have no claim
34 to the benefits of the War Risk Insurance Act.
