To whom it may concern

This is to testify that I have known Eliza Jackson for the last ten years also her husband J. Amos Jackson (lately deceased). Some time ago she presented a claim for one half of his pension, for her support, proved her marriage to J. Amos Jackson all proofs of which have been duly witnessed and filed.

Being a helpless cripple this pension has been her sole means of support

Receiving information of the death of her husband she is now filing a claim for the Widow's pension

We trust that everything will be settled at the earliest possible date, as she is at present in a seriously destitute condition

Signed
 Rev Chas F. Evans
