

Le Overture Hospital, Alexandria Va. My throat trouble prevented me from talking, two months, above a whisper. I rejoined my regiment at Raleigh N.C. about April or the latter part of March 1865. Previous to that time I did special duty, from Jan. 1865, at Buyside head quarter - Being Buyside Quartermaster Sergeant and Wagon Boss. I remained with my regiment until the mustering out of the same.

I cannot hear but little out of my life years. My throat trouble has increased to such an extent that I am continually bothered with it and my rheumatism affects me most when the weather is bad. Sometimes for several days before bad weather makes its appearance.

Respectfully
