Claim No. 536.135 Horace Gibson,
late of Co. "B" 7th U. S. C. Inf. P. O.
Address, Dennis Mills, Talbot Co. Md.

N.Y. City, N.Y.
June 29th 1889

Sir;

I have the honor to return the papers in the above claim together with my report thereon:

This claim was returned to me for the purpose of making a "proper" recommendation" as per office letter herewith, marked "Ex. A"

I have held this claim because of information I received that one Chas. Jackson a comrade of clmt's was engaged at work on an Aqueduct now being built between Peek Kill & Sing Sing N.Y.,

Inquiries at both towns fail to show that Jackson is known among the workmen there engaged.

It seems that all sources of information are exhausted in this claim, and origin is not yet shown by satisfactory or reliable testimony, I would therefore recommend its rejection

Very respectfully
Frank McClelland
