real claimant at all as being
in his Company but both Com
rade and Leven Gibson of
Reid Co. and that he had a
rupture in service about
the time. This claimant alleges
origin. These Depositions are
reputed good and reliable
and their testimony undoubtedly
entitles a Pension upon all other
evidence in the premises, and
having in the question of
fraudulent substitution upon
the part of this Claimant.
Leven Gibson is reported
dead.
In my opinion, this claim is void
of any merit and no further steps
in action in the field should be
taken at present, but I would recommend
that a call be made upon the A
G.O. and A.G.O. for both histories
of Leven Gibson based upon
the data contained in the accom
panying testimony.
Very respectfully
A. L. Wilcox, Examiner
