

Every year. And now he is almost
wholly incapable of performing

Any kind of Manual labor, demanding
the Exercise of bodily Strength, or
physical activity: He can perform
No kind of labor, without pain, and
Suffering: And is wholly unable to
do anything requiring much exertion
Such as Spading garden: Carrying
Coal in large quantities: Digging, or
Any kind of work that requires
Shifting, or bending.

He is very Complicated: A Man
of excellent Judgment: And but for
the infirmity, that has so effectually
disabled him, would be able
to make a great rate of interest.
The seat of his infirmity seems to be
Especially in his back: He seldom
Ever Complains: Rarely Ever
tells of his distress: And it
was only when questioned, that he
