Dear sir,-

Replying to attached inquiry: Mrs. Mary Dorsey is a widow (Colored) who has four sons and one daughter living. She makes her home with one of the sons at the number given, and although she is said to be 68 years of age she does washing and other work for people and gains her livelihood in that way.

The family came here from Frostburg, Md., about five years ago and it is understood that Robert Dorsey "was a soldier on the water" by all of their acquaintances.

Trusting this covers the points you desire I am

Very Truly Yours,

John R. Gov. R.M.
