Pre-Inventory Bargains

All Over The Store

We are getting ready to make inventories—to count up the stocks on hand, preparatory to "balancing" our year's business. Before that time arrives all Winter goods must be disposed of; all staple lines must be reduced to the smallest practical volume; all odds and ends, remnants, broken assortments and the like must be absolutely cleared. To do this prices are lowered — profits are sacrificed—losses are cheerfully taken to "sell out clean" the lots scheduled for clearance. It is a wonderful bargain-time and wise people know how to obtain its benefits. Don't fail to get your share!
