TTING GRAY? USE SAGE TEA TO RESTORE NATURAL COLOR OF HAIR.

Says Sage and Sulphur Darkens Hair Beautifully and Ends Dandruff.

Hair that loses its color and lustre, or ...hen it fades, turns gray, dull and life...ss is caused by a lack of sulphur in the ...ir, says a well-known local pharmacist. ...ur grandmother made up a mixture of ...ge Tea and Sulphur to keep her locks ...rk and beautiful and even today this ...mple preparation has no equal. Millions ... women and men, too, who value that ...n color, that beautiful dark shade of ...r which is so attractive use only Sage ... and Sulphur.

...owadays we are not bothered with the ... of gathering the sage leaves and the ... mixing at home. Simply ask at any drug store for a 50-cent bottle of the ready to use preparation, called "Wyeth's Sage and Sulphur Hair Remedy." Customers like this best because it darkens so naturally; so evenly, that nobody can possibly tell it has been applied. Besides, it contains ingredients which take off dandruff, stop scalp itching and falling hair. No, it isn't a dye or even like it. You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it brings back the gloss and lustre and gives it an appearance of abundance.
