Blank Warrants,

Swaim's Panacea.
FOR THE CURE OF

Scrofula or King's Evil, Syphilitic and Mercurial Diseases, Rheumatism, Ulcerous Sores, White Swellings, Diseases of the Liver and Skin, General Debility, and all diseases which originate from impure blood or indiscretion of Youth, and where the constitution has been broken down by use of Mercury, Arsenic, Bark or Quinine, &c, and most internal diseases where the Lungs and chest are supposed to be affected, &c.

In order to make fully known in what estimation Swaim's Panacea is held by the medical profession, the proprietor subjoins certificates from gentlemen who in their private as well as public characters aes deservedly ranked among the most scientific of the profession. The public as well as the proprietor of the Panacea owe much gratitude to the gentlemen how have thus testified in its favour—their recommendations have occasioned its use in serious cases of inveterate corruption of the blood, descending to the secondgeneration which otherwise would have destroyed valuable lives. Their humanity and disinterestedness in promoting the currency of a medicine found to be of such great benefit to the human race without regard to its original ownership claims the grateful admiration of a beneficent public.

This medicine has the singular fortune a just tribute to its great merit, of being recommended by the most celebrated practitioners of medicine in the United States and elsewhere; whereas not one of the spurious mixtures made in imitation of it has the least support from the medical faculty This fact offers an argument so plain and conclusive that it needs only to be mentioned to enforce conviction.

The false reports concerning this valuable medicine which have been so diligently circulated by certain Physicians must have their origin either in envy or in the mischievous effects of Spurious Imtations.—I leave the public to judge for themselves.

I pledge myself to the public and give them the most solemn assurances, that this medicine does not contain mercury in any form whatever.

CERTIFICATES.

From Dr. N. Chapman professor of the Institute and of Physic and Clinical Practice in the University of Pennsylvania, President of the Academy of Medicine of Pennsylvania, &c.

I have within the last two years had an opportunity of seeing several cases of very inveterate ulcers which having resisted previously the regular modes of treatment were healed by the use of Mr Swaim's Panacea, and I do believe from what I have seen, that it will prove an important remedy in scrofulous, venereal and mercurial diseases.

N. CHAPMAN, M. D

From Dr. W. Gibson Professor of Surgery in the University of Pennsylvania, Surgeon and Clinical Lecturer to the Alms House, Infirmary &c.

I have employed the Panacea of Mr. Swaim, in numerous instances within the last three years, and have always found it extremely efficacious, especially in secondary syphilis and in mercurial disease. I have no hesitation in pronouncing it a medicine of inestimable value.

W. GIBSON. MD

From Doctor Valentine Mott Professor of Surgery in the University of New York Surgeon of the New York Hospital, &c

I have repeatedly used Swaim's Panacea both in the Hospital and in private practice, and have found it to be a valuable medicine in chronic syphilitic and scrofulous complaints & in obstinate cutaneous affections. VALENTINE MOTT, M. D.

CHEAP NEWSPAPER.
Weekly Courier and Enquirer, New-York.

ONE DOLLAR FOR SIX MONTHS—
TWO DOLLARS PER ANNUM.

The Globe and the Argus, backed by the People's money and the immense patronage of a corrupt administration, with the entire control of the Public Officer as an agent, are making unprecedented exertions to extend the circulation of their Pensioned journals through every section of the country, in the desperate hope of poisoning the minds of the people by their systematic falsehoods and daily misrepresentations of the state of the country, Having at their command at least fifteen thousand Post Masters and the exclusive control of the mails, besides the franks of the most slavish Congress that ever disgraced our country, there is too much reason to apprehend that their efforts may not be without effect,

It is only by enlightening the People, and placing before them the truth and the real state of the country, that we may expect to arouse them to a full consciousness of the dangers which threaten their Liberties, and the outrages which have been openly practised upon the Laws and the Constitution of the country. And unde these circumstances, it becomes the duty of all the friends of the Constitution, and more especially of the Whig Committees in every county and town in the United States, to aid in conveying correct information and sound principles to every man who has a voice in the approaching contest,

We have ever stood ready to aid to the extent of our humble abilities, in this good work; and have accordingly determined to reduce the price of our Weekly Courier and Enquirer to two dollars per annum, or one dollar for six months! When it is remembered that our weekly paper is of the same size our daily sheet, and contains all the matter published in that paper it will be admitted that it is the cheapest paper in the world, and the extent of our sacrifice and risk may be estimated from the fact that this reduction extends to all our present subscribers, and that all who have paid since the 1st of June will be credited at the rate of two dollas per annum.

We annex the proceedings of the General Commitee of Young men on this subject, and have only to add, that we confidently rely upon our Whig friends throughout the U. states, aiding us in this measure. We flatter ourselves that where the paper has once been subscribed for, at this low rate, it will be found sufficiently interesting to insure a continuance of the subscription.

It is proper to add, that all payments must be made in ADVANCE, free of postage, and that this rule cannot be departed from under any circumstances.

At a meeting of the Young Men's General Committee on the 17th june 1834, the following preamble and resolutions were unanimously adopted.

Whereas, the Globe and the Argus, notorious engines of deception and vehicles of falsehood—the one sustained by the treasury of the nation, the other of the state—have issued proposals to reduce the price of their country edition to one dollar for six months, for the avowed purpose of placing those corrupting papers in the hands of every voter in the country;

And whereas, the Editor of the Courier & Enquirer, has consented to reduce the price of his weekly edition of that paper to a price corresponding with that of the Globe and Argus;

And whereas, it is incumbent on the WHIGS to make up by individual support for the want of government patronage;

Therefore resolved, that the Corresponding Committee be instructed to communicate to their correspondents throughout the State, the fact that the Editor of the Courier and Enquirer has reduced the subscription to his Weekly Paper to the low rate of ONE DOLLAR FOR SIX MONTHS, and it issuggest to them the propriety and importance of extending its circulation as much as practicable.

ROBT. C. WETMORE Chair,
W. S. Lawrence, Secretary.

**Whig Editors with whom we exchange will do us a material service by noticing the foregoing arrangement and republishing the proceedings of the Committee.

All who take the paper are requested to use their influence in extending its circulation, and for the purpose of aiding them in forming classes, we agree to furnish eleven papers for six months for Ten Dollars, To Committees and others who may think proper to enclose Twenty Dollars postage paid twenty five copies will be forwarded during the next six months.

TO RENT.

Intending to leave Centreville—I would rent out my property on Liberty Street.

THE DWELLING is in good repair, comfortable and convenient: and the location pleasant and agreeable. There are attached to the establishment—a meat-house, Stable, Carriage-House and Cow-House, also a garden and small grass lot. To a careful tenant—the dwelling would be let ready furnished, or the furniture may be bought at a fair value.
