Barren Creek Springs.

THE SUBSCRIBER respectfully informs his friends and the publicgenerally, that this salutary watering place is now open for the reception of visitors. An anxious solicitude to promote the comfort of those who may leave their avocations, or the abodes of lingering disease, and resort to this purest of Chalybeates, has induced him to make such arrangements as will promote the invigoration of the indisposed; or the happiness of those who are in search of pleasure. When we reflect on the trifling investment necessary for a visit to this place, and the beneficial effects likely to be produced; we are induced to believe that such as are solicitous to avoid the autumnal diseases of our climate, will repair to the springs for the double purpose of promoting health, & preventing disease. Such as feel inclined to visit this place, may also feel assured that the charges shall be moderately suited to the times.
