LADY'S BOOK.

A monthly literary miscellany, devoted to Literature, the Fine Arts, Fashions, Biographical Anecdotes, Tales, Narratives, Music, Riding, Dancing, Poetry, Embroidery, &c.

THE first number of this work for 1831 is just published. It will be well for us to observe that the contents which are given below have been selected with much care—attention has been particularly directed to make them diversified, amusing and moral. If, in the opinion of our patrons we have in a measure succeeded, their approbation will fully compensate us for the difficulties and additional expenses we have had to encounter. Having in vain attempted to supply some of the pressing calls for our former numbers, we must be allowed to say, the fault does not rest with us but the public—we printed what we considered a *large* edition at the commencement, and then re-printed No. 1, &increased the edition of the after Numbers in proportion, and notwithstanding we have not copies of the work remaining on hand!

We cannot conjecture what number of the second volume will be subscribed for, but as our edition is limited, (*and no second edition can possibly be printed,*) we especially request, that our agents and friends will make this particularly known that all who think well of the work and would patronize it, may be induced to send their subscriptions forth with.

It will be noticed that the PLATE OF FASHIONS that accompanies this number is that which is now in vogue among the fashionables in Philadelphia, and must not be considered a mere fancy sketch.—the designs were furnished us by a Lady well versed in those matters, (the colours also were adopted under her direction,) and our female readers at a distance may receive them, without hesitation, as being perfectly authentic. The description of European Fashions accompanying the description of the Philadelphia Fashions are the latest sent over to this country, and our receiving them in time for insertion is owing to the attention of a Liverpool friend, who is much interested in the success of this work. JOHN RICHARDS.

The celebrated and splendid Horse JOHN RICHARDS will stand at Centreville and Easton the ensuing spring. Terms hereafter made known.

He is 11 years old this spring; a beautiful blood bay colour, with black legs, mane and tail; 16 hands high, of a remarkably fine, indeed faultless figure; abounding in bone and sinew, with a full bold chest; and in point of strength, unexcelled by any horse in the U. States—he has proved himself a safe and sure foal getter.—At three years of age this beautiful racer, beat the noted horse Washington, at Warrenton, North Carolina, at three 2 mile heats. Washington after travelling 80 miles to Petersburg, in the two weeks following, beat at four 2 mile heats, several of the finest blood horses in Virginia, among whom was Mr. Long's famous HENRY, who afterwards ran that splendid race on Long-Island against Eclipse. To contend in that great match for 40,000 dollars, John Richards, (as will be seen by the following letter from William R. Johnson Esq. a member of the Senate of Virginia,) was originally selected, *after trial*, from all the best horses of the South; but having accidently injured one of his fore feet, it became necessary to substitute Henry in his place. The ensuing fall, John Richards having partially recovered from his lameness, beat several Horses, among whom was his full sister, the famous mare Betsey Richards, 4 mile heats, winning the Jockey Club purse at Petersburg. He however was never effectually cured of his lameness until he came into possession of the present proprietor.

Richmond, Va. January 9th, 1826.

I am glad that you have got safe home with John Richards, and much pleased that you are the owner of so fine a horse although I most sincerely wish he could have remained in Virginia one season, that I might have put my mares to him; John Richards got injured so early, and when so young, that the public has not had an opportunity of forming an opinion of his excellence as a racer. I have had a fair and full way of judging of him; having trained him with many others, in order to make a selection to run the great and celebrated match with Eclipse, and I hesitate not to say, that he was decidedly my choice, and that had he remained sound he would most unquestionably have run the match; as from a trial made at New-market, a day or two before my departure for Long Island, he certainly was the best in my stable; this fact, together with his appearance, size and blood, makes him, in my opinion, a valuable stallion; wishing you success with him, I am respectfully your most obedient, WM. R. JOHNSTON.

PEDIGREE

Of the Race Horse John Richards.

JOHN RICHARDS was gotten by Sir Archie, his dam by Rattler, Rattler was esteemed in this country, no less as a race horse than a stallion. He was several times winner in this state, (North Carolina) when a colt, and subsequently in South Carolina, particularly at Charleston. He was gotten by the old imported horse Shark—his dam the celebrated race mare, Lady Legs, who was also the dam of the unequalled race horse Collector—she was gotten by the imported horse Centinel, her dam by the imported horse Fearnaught, out of a mare that was imported by Mr. Randolph, of Virginia—his, (JONN RICHARDS' grandam,) by the old imported horse Medley, his g. grandam by old Wild Air, his g. g. grandam by Nonpareil, out of an imported mare. Sir Archie, (JOHN RICHARDS' sire,) was gotten by the imported horse Diomede, out of the imported mare Castinira, she by Rockingham, out of Tabitha, Rockingham by High Flyer, out of Purity, sister to Pumpkin, Purity by Matchem, out of the old Squirt mare, who produced seventeen colts, three were never trained, two died young, and the other twelve were good runners.—The above is, in my opinion, a correct Pedigree of John Richards. For further information refer to the Stud Book.

I do hereby certify, that the bay horse John Richards, was raised by me, that he was gotten by Sir Archie, his dam by Rattler, his grandam by old Medley. his g. grandam by Wild Air, his g. g. grandam by Nonpareil, out of an imported mare; and he is full brother to Betsey Richards.

LITTLETON C. RICHARDS

Chemical Embrocation.

OR, WHITWELL'S LIQUID

OPODELDOC.

For bruises, sprains, gout, rheumatism, cramp, numbness, stiffness of the neck or limbs, chilblains, chapped hands, stings of insects, vegetable poisons, or any external injury—recommended by one of the first physician, in the United States, whose certificates as well as those of numerous respectable individuals, accompany each bottle. This new and improved Opodeldoc is warranted to contain three times the strength of the old hard kind. Orders for it have been received, not only from every part of the American continent, but from South America, the West India islands, and in one instance from England and Russia. Those who disapprove of it on trial can have the money refunded.

AROMATIC SNUFF.

Long celebrated for slow, dull, nervous, headache, for clearing and stimulating the alfactory nerves. The flavor is fragrant and delightful, the effect pleasing and salutary—it removes drowsiness by gently opening and purging the head.

Those troubled with hypochondria will find this a complete antidote. In cases of catarrh or cold in the head, it is a most pleasant and sovereign remedy. It is principally composed of roots and aromatic herbs, and each bottle is accompanied with a certificate of its efficacy, from Doctor Waterhouse, late Professor of the Practice of Physic in the University of Cambridge, Mass.

SWAIM'S PANACEA

FOR THE CURE of Scrofula or King's Evil, Syphilitic and Mercurial Diseases, Rheumatism Ulcerous Sores, White Swellings, Diseases of the Liver and Skin, General Debility, &c. and all diseases arising from impure blood. It has also been found beneficial in Nervous and Dyspeptic complaints.

Price Two Dollars per bottle, and Twenty dollars per dozen.

TO THE PUBLIC.

In consequence of the numerous frauds and impositions practised in reference to my medicine, I am again induced to change the form of my Bottles. In future the Panacea will be put up in round bottles, fluted longitudinally, with the following words blown in the glass. "Swaim's Panacea Philada." as represented above.

These bottles are much stronger than those heretofore used, and will have but one label, which covers the cork, with my own signature on it, so that the cork cannot be drawn without destroying the signature, without which none is genuine. The medicine may consequently be known to be genuine when my signature is visible: to counterfeit which will be punishable as forgery.

The increasing demand for this celebrated medicine has enabled me to reduce the price to Two Dollars per bottle, thus bringing it within the reach of the indigent.

My Panacea requires no encomium; its astonishing effects and wonderful operation have drawn, both from Patients and Medical Practitioners of the highest respectability, the most unqualified approbation, and established for it a character, which Envy's pen, though dipped in gall, can never tarnish.

The false reports concerning this valuable medicine, which have been so diligently circulated by certain Physicians, have their origin either in envy or in the mischievous effects of the spurious imitations.

The Proprietor pledges himself to the Public, and gives them the most solemn assurances, that this medicine contains neither mercury nor any other deleterious drug.

The Public are cautioned not to purchase my Panacea, except from myself, my accredited agents, or persons of known respectability, and all those will consequently be without excuse, who shall purchase from any other persons. WM. SWAIM.

Philadelphia, September, 1828

From Doctor Valentine Mott. Professor of Surgery in the University of New-York, Surgeon of the New-York Hospital, &c &c.

I have repeatedly used Swaim's Panacea both in the Hospital and in private practice, and have found it to be a valuable medicine in chronic, syphilitic, and scrofulous complaints and in obstinate cutaneous affections. VALENTINE MOTT. M.D.

New-York, 1st mo, 5th. 1824.

From Doctor William P. Dewees, Adj't Professor of Midwifery in the University of Pennsylvania, &c. &c.

I have much pleasure in saying I have witnessed the most decided and happy effects in several instances of inveterate diseases from Mr. Swaim's Panacea where other remedies had failed—one was that of Mr. Brown. WM. P. DEWEES, M. D.

Philadelphia, February 20 1823.

From Doctor James Mease, Member of the American Philosophical Society &c. &c.

I cheerfully add my testimony in favour of Mr. Swaim's Panacea, as a remedy in Scrofula. I saw two inveterate cases perfectly cured by it, after the usual remedies had been long tried without effect—those of Mrs. Offner and Mrs. Campbell.

JAMES MEASE, M. D

Philadelphia, February 18 1823.
