I have given my deputies the most peremptory orders to execute every person, who may neglect this notice, I would also take the liberty to inform those persons, who owe fees for the present year, 1830, that the same as been due for several months past, and payment is expected immediately for the

TAILORING.

HEUBEN T. BOYD, from Baltimore respectfully informs the citizens of Easton and the public generally, that he has commenced the above business in Easton, next door to the Union Tavern, on Wash-Mr. J. Jefferson and ington street, where he is prepared to execute all orders he may receive with neatness and despatch, and in the most fashionable and complete manner. He flatters himself, from his knowledge of the trade, having had ten years experience in Baltimore, and by strict attention to business to merit a liberal share of public patronage.

N. B. Prices moderate and fair to suit

Easton, june 1

july 20

THE MEDICAL AND CHIURGICAL I FACULTY OF MARYLAND, at their annual convention held in the city of Mrs. J. Jefferson. Baltimore, on the 7th and 8th June, 1830, passed the following resolution, viz:

"Resolved, That a committee of seven be appointed to award a premium of one hundred dollars for such essay as they or a majority of them shall consider worthy thereof. The subject of such essay to be selected by said committee."

In conformity with the benevolent intentions of the Faculty expressed in the aforesaid resolution the committee offer a premium of \$100 for an essay upon the nature and sources of the Malaria or noxious Miasma, from which originate the family of diseases usually known by the denomination of bilious diseases; together with the best means of preventing the formation of Malaria, removing the sources, and obviating their effeets upon the human constitution when the cause cannot be removed.

The committee have been induced to call the attention of the profession to this sub-HE General Camp-Meeting of the Me- ject, because of its vast importance to societhodist Episcopal Church for Talbot ty at large. The immense extent to which had reached London by the Hugh Lindsay Circuit, will be held in Haddaway's woods on this fruitful cause of disease operates, has steam vessel, by way of the Red Sea and the Bay Side, in said county, three miles not yet been accurately calculated, nor any above Haddaway's Ferry: to commence on probable estimate made of the mortality which it occasions. The public attention has been justly directed to other subjects of general improvement, but we believe no adculiar conveniences to those who may come equate effort has yet been made to awaken and direct the public mind to the prevention of the evils dependant upon Malaria, although it is well known to medical men to be extending its influence, and threatening to depopulate some of the finest sections of this country, as it has already depopulated
