Mr. & Mrs. Hamilton's
BOARDING SCHOOL
FOR YOUNG LADIES.

THIS Institution is situated in the most healthful and pleasant part of the city, corner of Saratoga and Courtland sts. Baltimore.

After having conducted an extensive Boarding school for young ladies, for several years in North Carolina and Virginia, Mr. and Mrs. Hamilton removed to this city in 1831, and opened a Seminary for young Ladies, upon a scientific plan, which has received an almost unprecedented patronage.

Mr. & Mrs. H. have liberally provided their school with every apparatus necessary to illustrate their instruction. Their philosophical apparatus is equal to any other that can be found in private Seminaries in this country, and their chemical is sufficiently extensive to illustrate any subject treated upon in the text books of the school. Their cabinet of minerals though small yet contains upwards of 700 specimens. Their Seminary is also furnished with an Armillary Sphere, Cary's, Wilson's and Gardner's Globes, several Pianos and a harp. Mr. & Mrs. H. beg leave to remark, that the instruments they possess, are the best they could procure in this country or in England.

The Library contains upwards of 1500 volumes of the best authors, as connected with the studies pursued in the school, to which the young ladies have general access.

In all the departments the most competent teachers have been engaged, whose instructions are given under the immediate eye of the principals.

The course of instruction in this institution, is carried on in a regular and continued system of academic studies embracing all the scientific and ornamental branches necessary to a complete course of female education.

Parents and guardians who wish for more particular information, can obtain a prospectus of the seminary by applying to the editor.

☞The Frederick and Annapolis papers; Hagerstown Courier; National Intelligencer; Easton Whig; Port Deposite Courant; will advertise the above once a week each, to the amount of $4, and send bills to this [American] office.

FEMALE SEMINARY,
EASTON.

MISS NICOLS AND MRS. SCULL'S SEMINARY will be ready for the reception of pupils on the 22d September. The course of study to be pursued, will be as heretofore, with the exception of some ornamental branches, for which they propose employing an assistant as soon as circumstances will authorise.

For the better regulation of the classes, and for the facility of learning, they propose dividing the year into two sessions, six months each, hoping, thereby, to render a public examination both practicable and interesting. Public examinations have been much neglected in this Institution, owing to the fact, that the classes are so fluctuating, it would have derogated both from the Teachers and pupils. We hope the friends of science will take this into consideration, and if not assist us directly in the execution of our plan, will throw no obstacles in the way.
