EASTON, MD.

TURDAY, JANUARY 23, 1836.

DEMOCRATIC CANDIDATES.

FOR PRESIDENT,

MARTIN VAN BUREN,

OF NEW YORK.

FOR VICE PRESIDENT,

RICHARD M. JOHNSON,

OF KENTUCKY.

Readers are referred to the first page of per to-day, for the remarks of Messrs. borough and Benton in the United States te.

We owe the "Agy Club" an apology for not nding to them to-day, but they shall re- ve attention in our next; and by way of nition we will tell them further, probably attention of a correspondent whose commu- ion we have under consideration.

Judge P. P. Barbour has written a let- declining to be considered as a candidate the office of Vice President of the United tates, under the nomination made by the tate Rights' party of the State of Georgia.

Nine of the Rioters of August last have been ntenced by the Baltimore City Court. The ntence of each is imprisonment for 4 years— d fines from 2 to 500 dollars.

We have received the first number of a w daily paper styled the "Jefferson Refor- er" published in Baltimore by Dr. Alcock. supports the national administration, and is horoughgoing in favor of Reform in our State Constitution. We wish it success.

THE MEDAL.

So general Harrison's medal is a new theme for the wiggies. Well lets see what they say of it. After describing one side of it, the re- verse is thus spoken of: the Goddess of Liber- y appears in bold relief, leaning upon a shield nd spear. On her left side a cluster of military mpliments, consisting of a stack of muskets, ow, quiver, drum, &c., beautifully arranged mid the folds of the "Star Spangled Banner," and a small tablet in the centre of the cluster bears the words "Fort Meigs—Battle of the Thames."

Very clever all this, nor do we, nor would we intentionally, deprive General Harrison of a single jot of fame that he is justly entitled to. The medal is all right. But the *cluster* of military impliments reminds us of the well piled stores ready to be burned about the time the gallant Croghan was defending Fort Stephenson with 150 men, and General Harrison responding to the cannonading as it greeted his ears "three miles be on his own head." The refusal of Croghan to obey orders pre- vented the burning of the stores and Harrison's intended retreat; the destruction of our fleet, millions of public stores, consequent upon it, and the exposure of five hundred miles of frontier to the combined enemy.

Mathew Davis, the Washington letter writ- er over the signature of the "Spy," has been dubbed a jackall. There are other descrip- tions of *animals* in the Whig Letter-writing Menagerie at Washington.

Our neigbour *Ephraim* of the Gazette has published a list of electoral votes, as they *will* be cast at the ensuing election according to the *opinion* of some wiseacre of the Baltimore Patriot—giving Mr. Van Buren 53 votes. P-r-o-d-i-g-i-o-u-s! Yea Ephraim thou art an easy prey to *"gullability."*

A Christmas Gift.—A Rodney, Miss. paper of the 25th Decr. states that a fellow was handsomely lynched near that place by the un- animous voice of the passengers on board the Steamboat Tennessee, for stealing money. The "gift they gie him" was not kindly received, but he soon shew them, when they gave him the chance, that his legs were *lighter* than his fingers.

Snow has fallen at the north to the depth of 5 feet. Some of the papers speak of its be- ing one of the most violent Snow storms ever remembered by the oldest inhabitants.

REFORM.

We find by the Legislative proceedings that the Select Committee on the constitution, have made a report through their chairman Mr. Carrol; its length excludes it from our col- umns to day. The Report, from a hasty glance, appears to be ably wr[itten]. A discussion arose upon printing the Report apart from the journal, when Mr. Hambleton moved to lay it and the pending motion upon the table. The motion prevailed; the entire Tal- bot delegation voting in the affirmative. The Report will be suffered to take a long, long nap, if it depends on those gentlemen to disturb its quiet.

TRIBUTE OF RESPECT.

The Jackson members of the Legislature on the 14th inst. waited upon the Hon. R. B. Taney, at the residence of Col. Mannydier in Annapolis, to exchange salutations with this distinguished citizen of Maryland, and "express their hearty approval of his firm course dur- ing the late eventful period of his country's history."

A whale sixty feet long made his appear- ance in Oyster Bay, Long Island, on the 26th ult. When first seen, he was making his way slowly and deliberately out of the bay. Pret- ty much of a whaler.

LOTTERIES ABOLISHED.

The Senate have passed the bill for the pro- hibition of Lotteries and sale of tickets in Mary- land, after the expiration of existing grants, The bill passed the House a short time since, and now becomes a law.

Indian hostilities in Florida are carried on as fiercely as former accounts indicated. The Indians are committing great depredations on lives and property; and are not easily over- powered when encountered by the regulars and militia that have assembled for the protection of the whites.

GLORIOUS NEWS FROM MISSISSIP- PI.

We learn from the Globe of the 21st inst. that by letters received from Jackson, the seat of Government of Mississippi, that Col. Irwin was elected speaker over Col. Binga- man, the white whig candidate, by a majority of 10 votes.

In the Senate Mr. Van Norman (V. B.) elected president. The subordinate officers of the Legislature are all friends of Van Buren. Gov. Poindexter will be permitted to remain in the blest retreats of private life, and see the station he occupied filled by one more after the people's own fashion.

THE SPECIAL MESSAGE.

We lay before our readers to day the anx- iously expected Message, and the greater part of the documents referred to. We are truly happ- py to find it mild, dignified, and yet decisive in its language. It recommends to Congress the prohibition of French products and the entry of French vessels into our ports, as sufficient and proper to retaliate her present refusal to com- ply with her engagement; and that the move- ments by France deserve to be met by adequate and speedy appropriations for the increase of the Navy, and the completion of our coast defen- ces.

We will lay before our readers on Tuesday next the debate in the Senate on the President's Special Message. After perusing the deliberate attacks of Mr. Calhoun on the course pursued by the Executive, and his justification of France indirectly for the course she has pursued we experienced the most delightful change on reading the remarks of Mr. Cuthbert in reply. The Honorable Senator from South Carolina must indeed have felt the patriotic rebuke so eloquently given him by the Senator from Georgia, Mr. Cuthbert.

Election of Senator in Illinois.—On the 29th of December, the Legislature of Illinois went into the election of a Senator to fill the vacancy occasioned by the death of the Hon. Elias K. Kane. There were four candidates, all friend- ly to the Administration, and for the Baltimore nominations. On the 12th trial, viva voce, Gen. William L. D. Ewing, of Vandalia, was elected. He was to set out for Washing- ton on the 4th inst.

A Mrs. French, a young female, not quite nineteen years of age, and when living an exceedingly beautiful and interesting wo- man, committed suicide in New York a short time since under the following circumstances: She had been married only about eight months to an exemplary young man, who recently de- tected her in the commission of an indiscreet and improper act, for which he severely and properly reprimanded her.—After this time, she became low spirited and dejected, and even- tually terminated her anxities and grief, by re- sorting to a deadly poison. The Jury em- pannelled at the Inquest, returned a verdict of "spicide by taking opium."

"Lost in a Fog."—Six persons on the 16th December *walked* off the London dock into the river, owing to the denseness of the fog. Quere: how many *walked* away from their creditors?

GRAIN.—By last accounts, the arrivals in Baltimore were very small. Best white wheat is quoted at $1. 48 a $1.50, nominally, there be- ing none in market. Red, ranges from $1. 34 to $1.45 as in quality. Corn, from 70 to 74 cents.

AN ARREST.

Elkton, Jan 16.

A son and daughter of Mr. John Waggon- er whose death be murder we recorded on the 2d. inst., were arrested last week and com- mitted to jail on a charge of being accessaries to the foul deed. The evidence produced on the examination, though circumstantial, was very strong. Public opinion is also strongly directing against the wife.

MARRIED,

On Thursday evening last, by the Rev Josh- [illegible] Mr. John H. Baynard to Miss Emeline Elliott, all of this County.

DIED,

On Friday morning last at Easton, Point, Thomas James, youngest son of Jas. A. Ridga- way, aged 8 months and 11 days.

Fond parents weep no more for me
The debt of nature paid;
In heaven I shall surely be
When you're called by the Great Head.

In Press and will soon be Published,

A PRACTICAL TREATISE
ON THE
CULTURE OF SILK,

Adapted to the Soil and Climate of the United States, by F. G. COMSTOCK, Secreta- ry of the Hartford County Silk Society, and Editor of the Silk Culturist. Illus- trated by Engravings.

THE interest in all parts of the United States in the Culture and Manufacture of Silk, manifested by the constant calls for in- formation on the subject, has induced the pub- lisher to have prepared a plain *Practical Trea- tise* on the cultivation of the Mulberry and rearing Silk Worms, adapted to the Soil and Climate of this country and to the wants of plain practical men.

The practical Culturist in this country needs a directory adapted to the Soil on which he plants his trees, and the Climate in which he rears his worms; without reference to Soils and Climates less congenial to their growth. It has been therefore the object of the author to make a treatise strictly practical, omitting no- thing of importance to the Culturist, and add- ing nothing of a useless or extraneous charac- ter:

As making the raw materials into *Sewing Silk* and *Twist* is very profitable to the Silk Grower, all necessary information for that purpose will be given:

The work will be published in a duodecimo about 100 pages, in handsome binding—price 50 cts. A part of the edition will be put up in elastic covers to be forwarded by mail.

THE SALMAGUNDI, AND NEWS OF THE DAY.

EMBELLISHED WITH A MULTITUDE
OF
COMIC ENGRAVINGS.

A new periodical, of a novel character, bearing the above appellation, will be com- menced on the beginning of January, 1836.—While it will furnish its patrons with the leading features of the news of the day, its principal objects will be to serve up a hetero- geneous compilation of the numerous lively and pungent sallies which are daily floating along the tide of Literature, and which, for the want of a proper channel for their preservation, are positively lost to the reading world. Original wits and humorists of our time will here have a medium devoted to the faithful record of the scintillations of their genius. It is not necessa- ry to detail the many attractions which this journal will possess, as the publisher will fur- nish a specimen number to every person who desire it—(those out of the city will forward their orders, *postage paid*)—and he pledges himself that no exertions on his part shall be wanting to make each succeeding num- ber superior in every respect to the preceding ones.

THE SALMAGUNDI will be printed on large imperial paper, equal in size and quality to that which is at present used for the Gen- tlemen's Vade Mecum. It is calculated that more than

500 ENGRAVINGS

will be furnished to the patrons of this Jour- nal in one year—these, in addition to an ex- tensive and choice selection of Satire, Criti- cism, Humor and Wit, to be circulated through its columns, will form a Literary Ban- quet of a superor and attractive order; and the publisher relies with perfect confidence on the liberality of the American public, and the spirit and tact with which this expensive un- dertaking will be prosecuted, to bear him suc- cessfully and profitably along with it.

The terms of the Salmagundi will be TWO DOLLARS per annum, payably invariably in advance. No paper will be furnished unless this stipulation is strictly adhered to.

☞ Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note, postage paid. Clubs of seven will be supplied for the same term, by forwarding a ten dollar note. ☞ The papers that are sent out of the city will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

☞ THE SALMAGUNDI will be published on alternate weeks—otherwise it would be im- possible to procure the numerous embellish- ments which each number will contain—and the general interest it will afford must be en- hanced by this arrangement.

☞ All orders must come postage paid.

☞ Address, CHARLES ALEXAN- DER, Athenian Buildings, Franklin Place, Philadelphia.
