PROSPECTUS OF THE CONGRESSIONAL GLOBE.

The success of the experiment we have made to furnish a succinct history of the proceedings of Congress, from day to day, with sketches of the Debates, induces the undersigned to persevere in their plan to extend and perfect it. They have resolved that the Congressional Globe shall not only embody the parliamentary annals of the country, but shall also furnish an Appendix, which will contain the finished speeches of the prominent speakers, on the most important subjects, written out by the members themselves, from the notes and printed sketches of the Reporters.

The Congressional Globe, with an Index, will be published weekly, upon double royal paper, in octavo form, as heretofore, at one dollar for the session. It may be subscribed for separately. The appendix of finished speeches will, also, be published for one dollar.

It is probable that the next session of Congress will continue nearly seven months; if so, the work will contain between four and five hundred pages, and will be the cheapest publication perhaps in the world.

The next session of Congress will probably be the most eventful one which has occure for many years, and will certainly be replete with interest, as its cource will have great influence in fixing the destiny of the Republic for years to come. Immediately preceding as it does, the next Presidential election, and containing the leading minds of all the contending parties in the country, deep and abiding interests will attend the debates. The whole drama will be faithfully exhibited in the Congressional Globe and the Appendix.

We have already provided for our reporting corps, eminent ability and skill in one branch of Congress, and we expect to obtain an adequate reinforcement of capable persons in the other; by the time it meets, to fulfil our own wishes and the expectations of the Members No pains or cost on our part will be spared to accomplish it. As the work will be continued regularly, and be made permanent, authentic, and therefore highly useful, all who take an interest in the political affairs of the county will do well to begin their subscription with the next session.

TERMS.

Cong. Globe.—1 copy during the Session, $1 00
Do. do. 11 copies during the Session, $10 00
APPENDIX.—Same price.

Payment may be made by mail, *postage paid*, at our risk. The notes of any specie-paying Bank will be received.

☞ *No attention will be paid to any order, unless the money accompanies it*, or unless some responsible person, known to us to be so, shall agree to pay it before the Session expires.

A LARGE AND GENERAL ASSORTMENT OF

HATS,

WHICH he thinks he can safely warrant to be equal, in faithfulness of workmanship and quality generally, to any manufactured in the State, and will sell on the most accommodating terms.

He has just returned from Baltimore with a supply of Gentlemen's SILK HATS—a remarkably neat and superior article. Also, FURS of the best quality.

To country merchants or others, buying to sell again, he will sell, by the dozen, as low as the same quality of hats can be had in a city market.

Furs of all kinds, purchased or taken in exchange, at the HIGHEST CASH *prices*.

ALEXANDER'S MODERN ACTING DRAMA.

NEW SERIES.

Embellished with Splendid Engravings.

The publisher has been induced, from the extensive patronage bestowed on his work, materially to change its typographical appearance and to improve and enlarge its page—it is already known to be the most popular edition of Plays which has ever been attempted in this country, and the prospect of its further success is ample and satisfactory. In future the MODERN ACTING DRAMA will be published in monthly numbers of 48 pages each—12 of which will constitute a volume, or one year's subscription—embracing in all FIVE HUNDRED AND SEVENTY-SIX PAGES. Every PLAY or FARCE is to be accompanied by a beautiful and appropriate Engraving—making in the course of the year nearly FIFTY-TWO EMBELISHMENTS—to which will be added as a Frontispiece to the work, a full sized STEEL ENGRAVING, containing the likenesses of SIX DISTINGUISHED ACTORS AND ACTRESSES. Every person who desires to preserve an invaluble collection of the first Dramatic Authors should forward his name forthwith, as the edition will be limited to the number which is absolutely subscribed for. ☞ *The publisher pledges himself to make this work equal in interest and superiority of execution to his prospectus, or he will refund the price of subscription, free of all charges.*

The first number of the new series will appear about the first of March—this delay is occasioned by the time necessarily consumed in preparing the Engravings. The terms of the MODERN ACTING DRAMA is three dollars per annum, payable in advance Subscribers to the GENTLEMAN'S VADE MECUM will be furnished with both works for five dollars.

☞ Any Person collecting four subscribers the GENTLEMAN'S VADE MECUM, or the MODERN ACTING DRAMA, and remitting the amount of one year's subscription ($3) for each—shall be presented with the NOVELIST'S MAGAZINE, in two volumes, a work of considerable popularity, and which is now selling for $3—it contains the productions of eight different authors, well known to the public as among the most interesting writers of the day.

☞ A large and beautiful white sheet, imperial size, FILLED ON BOTH SIDES WITH HUMOROUS AND COSTLY ENGRAVINGS, will be published every quarter as a supplement to the SALMAGUNDI. It will be furnished gratuitously to all new subscribers to the GENTLEMAN'S VADE MECUM, or the MODERN ACTING DRAMA, and to all the old subscribers of these works who forward their subscriptions, for the present year, in advance, without further solicitations.

DEAFNESS.

A York paper sayeth, that a remedy for the restoration of hearing and eyesight is to be had of Doctor Green, Reading, Pa.

It proves effectual when the affliction is caused by nervous weakness, as the remedy gives health and strength to the whole nervous system.

Now—according to the Doctor's practice and principles that

MUCH OF THE ART OF PHYSICK, CONSISTS IN KNOWING WHEN NOT TO GIVE IT,

the restoration of hearing is brought about without giving any Physick!—without giving any medicine!—as hath been experienced in the editor's own family, as well as in the families of many of his neighbors also. Therefore, and in part return for such great benefits received, we make the above known for the good of our fellow citizens in similar distress.

For a fee of five dollars, assistance is sent—free of postage, for as many as are afflicted in a family including the relative of such family also.

For a fee of ten dollars assistance is sent—free of postage also—for 3 or 4 persons more—in addition—as at times, neighbors, may be, in want of some

And, in case other sickness besides deafness and loss of eyesight happening, help is sent for such sickness without any charge.

The fee pays for all and every help sent to families from time to time.

This is considered a praiseworthy plan.—And in conclusion, it will, no doubt, be very satisfactory for people to know that the assistance is not to be applied to the ears—nor the eyes.

NOT AT ALL.

Consequently no danger whatever can happen to them—no—none whatever.

And during the time that people are using his assistance at home, and learning how to help themselves to restore and recover their hearing—their eyesight, and their health again,

They can follow their customary business;
They can live as usual;
And they can also eat and drink what tastes best.

The following is an extract of a letter from Mr Baker, to the Printer.

MY FRIEND,

The method of using Doctor Green's remedy is innocent—is easy and performs the cure by strengthening the nerves.—My neighbor Jones' wife thought she would try it too, being a long time troubled with weak and sore eyes, together with her deafness, (caused by nervous weakness,) so she sent the customary fee and got some, per mail free of postage, which in a little more than a week made them as good and strong as ever, doing needlework now without spectacles, and now is restored to her eye sight as well as to her hearing.

C. F. BAKER.

N. B. With the remedy the patient receives an instructive and easy way how to preserve health in general, throughout the whole year. This is a great value to families (both to parents and children) and is sent without any charge whatever. It always accompanies the remedy for deafness and eyesight.

Until quite lately people had to go to the Doctor to get help.

This was [illegible] great [illegible] Anson [illegible] disreputable drunkard, became [illegible] and whitened a hair of his head.

For my part I confess I have never entirely overcome the terrors of the melancholy circumstance, which I have endeavored to describe. Original wits and humorists of our time will here have a medium devoted to the faithful record of the scintillations of their genius. It is not necessary to detail the many attractions which this journal will possess, as the publisher will furnish a specimen number to every person who desire it—(those out of the city will forward their orders, *postage paid*)—and he pledges himself that no exertions on his part shall be wanting to make each succeding number superior in every respect to the preceding ones.

THE SALMAGUNDI will be printed on large imperial paper, equal in size and quality to that which is at present used for the Gentlemen's Vade Mecum. It is calculated that more than

500 ENGRAVINGS

will be furnished to the patrons of this Journal in one year—these, in addition to an extensive and choice selection of Satire, Criticism, Humor and Wit, to be circulated through its columns, will form a Literary Banquet of a superor and attractive order; and the publisher relies with perfect confidence on the liberality of the American public, and the spirit and tact with which this expensive undertaking will be prosecuted, to bear him successfully and profitably along with it.

The terms of the Salmagundi will be TWO DOLLARS per annum, payably invariably in advance. No paper will be furnished unless this stipulation is strictly adhered to.

☞ Clubs of three will be supplied with the paper for one year, by forwarding a five dollar note, postage paid. Clubs of seven will be supplied for the same term, by forwarding a ten dollar note. ☞ The papers that are sent out of the city will be carefully packed in strong envelopes, to prevent their rubbing in the mail.

☞ THE SALMAGUNDI will be published on alternate weeks—otherwise it would be impossible to procure the numerous embellishments which each number will contain—and the general interest it will afford must be enhanced by this arrangement.

☞ All orders must come postage paid.

Carey's Library OF CHOICE LITERATURE.

To say that this is a reading age, implies desire for instruction, and the means to gratify that desire. On the first point, all are agreed; on the second, there is diversity both of opinion and of practice. We have newspapers, magazines, reviews, in fine, pamphlets of all size on nearly all subjects, which have several all their classes of readers and supporters. And yet, copious as are these means of intellectual supply, more are still needed. In addition to the reviews of the day, and passing notices of books, the people, in large numbers, in most parts of our great republic, crave the possession of the books themselves, and details, beyond mere passing allusion, of the progress of discovery in art and science. But though it be easy to ascertain and express their wants, it is not so easy to gratify them. Expense, distance from the emporium of literature, engrossing occupations which prevent personal application or even messages to libraries and booksellers, are so many causes to keep people away from the least of reason, and the enjoyments of the coveted literary ailment. It is the aim of the publishers of the Library to obviate these difficulties, and enable every individual, at a small cost and without any personal effort, to obtain for his own use and that of his favored friends or family, valuable works complete, on all the branches of useful and popular literature, and that in a form well adapted to the comfort of the reader.

The charm of variety, as far as it is compatible with morality and good taste, will be kept instantly in view in conducting the Library—to fill the pages of which the current literature of Great Britain, in all its various departments of Biography, History, Travels, Novels and Poetry, shall be freely put under contribution. With, perchance, occasional exceptions, it is intended to give entire the work which shall be selected for publication. When circumstances, authorize the measure, recourse will be had to the literary stores of Continental Europe, and translations made from French, Italian, or German, as the case may be.

Whilst the body of the work will be a reprint, or at times a translation of entire volumes, the cover, will exhibit the miscellaneous character of a Magazine, and consist of sketches of men and things, and notices of novelties in literature and the arts, throughout the civilized world. A full and regular supply of the literary monthly and hebdomadal journals of Great Britain and Ireland, in addition to home periodicals of a similiar character cannot fail to provide ample materials for his part of our work.

The resources and extensive correspondence of the publishers, are the best guarantee for the continuance of the enterprise in which they are now about to embark, as well as for the abundance of the materials to give it value in the eyes of the public. As far as judicious selections and arrangement are concerned, readers will, it is hoped, have reason to be fully satisfied, as the editor of the Library is not a stranger to them, but has more than once obtained their favourable suffrages for his past literary efforts.

TERMS.

The work will be published in weekly number containing *twenty imperial octavo pages* with double columns, *making two volumes annually*, of more than 220 *octavo pages, each volume;* and at the expiration of every six months, subscribers will be furnished with a handsome title page and table of contents. The whole amount of matter furnished in a single year will be equal to more than *five volumes* of the common sized English duodecimo books, the cost of which will be at least *ten times* the price of a years subscription to the "*Library*." The paper upon which the Library will be printed, will be of the finest quality used for book-work, and of a size admirably adopted for binding. As the type will be entirely new, and of a neat appearance, each volume, when bound, will furnish a handsome, as well as valuable, and not cumbrous addition to the libraries of those who patronise the work.

The price of the Libraray will be *five dollars per annum* payable advance.

A commission of 20 per cents, will be allowed to agent, and any agent or postmaster furning five subscribers and remitting the amount of subscription shall be entitled to the commission of 20 per cent or a copy of the work for one year.

A specimen of the work, or any information respecting it may be obtained by addressing the publishers post paid. Address,
