It is said that a ladies' mining exchange is shortly to be established at St. Louis, where stocks will be sold on margins. The establishment will be a ladies' club as well as a mining exchange. LOVE'S CALL. BY JENNIE E. OWEN.

The day had softly crept away, And lay a-dying in the west, And night came slowly up the east A brilliant crescent on her breast

Above the noisy city's streets, And fell like music on the ear. Like sweetest music, for that sound Had set a thousand workmen free, And those who loved were hasting hor

The objects of their love to see.

The clear tones sounded far and near

The wife was waiting for her lord; The children ran to meet their sire All hearts were filled with music soft, Waked from the depth of love's sweet lyre.

But one whose heart was light and gay Was coming swiftly down the street, His face reflecting all his heart, And whistling soft a love song sweet. "Will you be out to-night, my love?"

Clear as a song from a birdie's throat, The gentle cadence sinks and swells-Rises and floats upon the air As sweet as birdie's calling song When he is wooing his pretty mate

Up from his heart the music wells:

The leafy branches from among; And, willing as a little bird Chippers reply to her pretty mate, Dear Maudie, crooning a tender song Comes tripping lightly to the gate.

For love is quick to catch love's call,

And quick to answer with a song,

Or birds the leafy boughs among.

Whether it be 'twixt man and maid
