[Faint, mostly illegible handwritten notes on the left page, including fragments like "The County of Talbot", "Deed from John", and "Talbot County"]

Search with the greatest care and attention of the lands called Smith's Clefts and Holme Hill of which I was told that and to be on the records of Talbot County - about the year 1710 or thereabouts - also Jacob Twiss's part of the said lands and get copies of the deeds -
 Get copy of Deed from John Corney for Jacob Twiss for his part of Smith's Clefts and Holme Hill -
 Get copy of Richard Grundy's will in minutes related to the land he devised to work - and do
 Get copy of Deed from Jacob Twiss to John Twiss for part of Holme Hill about 1735 -
 Get copy of Deed from Deborah Barker to John Hayward about 1735 -
 Search among the records taken out by John Fawcett and others made there taken copy of each of them as they relate to the lands called Smith's Clefts Holme Hill and the lands adjoining -
 Get copy of Deed from George Robbins to Thomas Robbins in 1735 -
 Do do do from John Robbins from Jacob Twiss about 1735 -
 Do do do from John Twiss to Jacob Twiss in 1735 -
 Do do do from John Twiss to John Fawcett -
 Do do do for the Mill & land belonging to John Fawcett -
 Search carefully for the proceedings how this Mill was first put up and get copy of the deed - I think this Mill was called Thomas's Mill but if Mr. John Turner should be at Eastern he probably may give you some information respecting this Mill in this particular -
 Get Deed from John Fawcett to John Fawcett -
 Examine Mr. Grundy's Office and see if any warrants of Survey have been taken out by any one of the lands called Smith's Clefts and Holme Hill - any -
