but all falling due in April & the Early part of May -
If these loans had been paid the Bank would have
had surplus funds to meet all present Redeemable demands
and would have kept down their Balances to a large
amount with other Bank of Philadelphia but so far
have these of this county having been met at Maturity
I do not believe 1 Dollar in 5 has been met. owing to
a Variety of Causes which could not be Embraced in a
Letter - I have depended of any when the note of
$7325 was due until this Moment. 6 P.M. I find
the Bank all locked up and I cannot get in the Vault -
I think the the 20th day, I shall have Money.

(Confidential) If you get the Loan of $ - I shall be gratified
but will you permit an old friend & Client a candid one, to say
make no pledges for the payment of money, that you are to get by loan
from that quarter.

Very Truly Yours
John A. Dawkins
