

Bloomfield March 28. 29

My Sir,

Our requests are to say to you, that after some reflection upon the subject, she has concluded to relinquish (what she thought to be her right) the interest upon the amount of money awarded her under the decree of the Court, ~~that she will be on Monday at the Court with a representation of the same for this amount~~ - I am requested by her also to urge upon you the importance of having a division of the property as soon as it can be effected.

With great Esteem/Yours
R. W. Garrison
