

Became my property - I think \$450 will cover
all expenses to Queen Anne. a horse for him, passage
to Marseilles, & incidental expenses amounted to \$50 -
If the Jack will cost \$500 a year for us, then my
trouble will not have been in vain - This spring,
for the first time, he went to 15 Mares - We must
beware all risks of the sea, insurance would only
cover those risks & not a natural death, or
rather unnatural, which is sea-sickness -
He is very gentle, rides with a good step under
the saddle, & has a coat as sleek as a well
groomed horse - his mane has been kept cut with
an axe, in color he is dark iron grey -
Write to me at Geneva Kingdom of Sardinia
& give me candidly yr. opinion of the Jack, it
would govern me in the purchase of another one,
if we go to Malta next Summer - a Royal
Malta Jack then is worth \$500 -

I write in great haste for the mail to
day, & will send this under cover to Mr.
Might - Remember me kindly to Mrs. Emory
& when you see Mr. Tilghman & his wife
I beg you will not fail to give my very
best regards to them -

Very truly yrs &c
