Canton July 26th 1838

My dear Father

I have attended to your little
different items in the contents of your last letter before
the Ohio. I now Send you Eleven Dollars which
is thirty five Dollars less than I have drawn for
for Yours - I have made the most
diligent enquiry about Cattle &c but as there has been very
few Ships to take away Teas - the Price is very
low already Consequently the Merchants
are Confidently expecting a great
decline - Should they do so I shall
take all I can & Ship them - I have
as yet no Orders for Sugar - but
as soon as I receive your letter
I will attend to it - I have
as many Cows as I can keep
at present - but if you
have any Calves you may
send them - I have
a Room that will do
for you to put
your Potatoes in
during the Winter
as I may Come to get them
from here at the time
I bought Tea - I am glad to hear
that Captain England has
had a good Voyage - I am
at present in Canton
and Can go Down
to Whampoa
at a Days
notice - I will
write you
again
