

Paterson 27 July 1821

Sir

It is with regret we inform you of our  
being disappointed in raising the amount you asked for  
on your Tobacco. Our present arrangements prevent us from  
complying with your request, and we have not had an  
offer for any part of it. Yet should you have a  
friend who would advance the sum required, if you  
think proper, give an order on us and we will hand  
over the Tobacco and render any service in our power  
to facilitate the business.

Yours respectfully

John Gregg
