My Dear Brother

I R...? your letter
by the Packet, and am truly glad
to hear that the girls will be over on
Monday. you have been truly fortunate
with your wheat and I most ardently
hope you will have no more storms
or rust or any thing to prevent you
crop from coming to perfection -
I had not purchased a can all
and the money will be paid
as you desire in the Bank of
Mass? should you not come with
the girls so that you can check
for it by the next Packet.
Our good old aunt is now in Boston
and I think looks as well as she did
