

Cambridge August 1st 1828

Col John Tilghman
Dear Sir

My acquaintance with you last
Winter in Annapolis, will I hope be a sufficient
apology for the liberty I take in introducing to you, my
Relation and Friend, Dr James Lykes; who leaves Cambridge
very much to my regret, for the purpose of pursuing his Profes-
sion as a Physician in Queen's Town in your County -

The anxiety I feel for the prosperity of Dr Lykes's family, and
my Knowledge of his professional Skill, induces me enthusi-
astically to recommend him as a Physician - and so far my
Dear Sir, as a more intimate acquaintance, on your part,
with Dr Lykes, will enable you to give him encouragement,
both by your Countenance and influence, the obligation there-
arising, will no doubt be most willingly acknowledged
by him as it will undoubtedly be, by your sincere friend
and Ob^t Servant
