

Oct. 23-1828

My dear sir,

Learning from W. Faldsborough that you intended to Philadelphia soon, I must request you first to sign the inclosed Blanks for Henrietta Tighman's note, which will require renewing before your return -

I should like much to have seen you & showed you a letter recently rec'd. from W. Rawle - He states that nothing yet had been done, but was inform by W. C. C. that he was prepared to proceed in his business.

Mr. Rawle he says had placed in Mr. Binnay's hands a correspondence between W. C. & himself which he should see, have an interview with Mr. Ingersoll & Mr. Binnay & do all in their power to accelerate the business. - Why all this could not have been done twelve months ago I cannot conceive. - I have since written to Mr. Rawle requesting him to make application to Mr. B. for assistance for W. Hensley, whose professional services must cease at this very important period for him unless he can get aid from that source - You will confer a favour on us all by interceding in his behalf - I have said to Mr. R. that 500^{rs} will enable him to attend the lectures this winter & obtain a diploma in the spring, without it he may abandon all, it will be a hard case indeed should this be the case -

Yrs, affly
Wm. H. Tighman

Our united love to Cousin & Family -
