

My Dear Sir,

Easton Oct 5th 1829.

I have just rec^d a letter from my
Sister Wilma, mentioning that Emerson can procure
a situation with a Mr John Heart an Apothecary
and Druggist in Philadelphia he is a respectable
Quaker and will give him his board until he
is one and twenty but nothing more and
wishes him to promise to remain with him
until he is of age I thought it best to mention
it to you and take your advice as it will
be necessary for Emerson to write immedi-
ately to his Uncle Arthur as there are other
applicants for the situation I should like
him to be fixed at something but as he has
nothing to depend on for his clothing in
the mean time I hardly know how to advise
will you give him your advice, he is
anxious I know to be fixed at something &
I feel great anxiety on his acct, he talks
of farming and if I had a capital for him I
should have no objection to his undertaking
it as I think he has a turn that way and
would be industrious and attentive at the
same time I do not think there is much
