

The Hon^{ble} Luc A. Luthman.

The claims of Postlethwaite & Lewis are satisfied. - That of Reed is still unpaid. The hire of the slaves for the present year will be sufficient to pay off his claim. The amt that the negroes hire for clearing this year is \$1735. -

I have concluded the sale for Harriet & her children with Judge Turner. At your request they were valued by Mr. Terpin. His valuation was \$750. - For which the Judge gives his note in bank payable in 60 days. - I could not get the cash. The amount will be remitted to you so soon as it is paid.

I give a bill of sale with a general warranty of title. I have presumed to obtain from you a relinquishment of title from all those who may be interested in the property. You will therefore enclose to me such relinquishment immediately.

Many months ago I desired that you would send me, a general power of attorney in relation to the hiring of these slaves & the payment of their hire. you have not done so. - Permit me to urge this matter upon your attention again.

The power of atty. that you sent me, to sell Harriet, was one signed by you only. - I understand that James Telfair is a co-trustee with you. - he should have signed it likewise.
