

Capt. Wright

Del.

You will examine the Rifles  
that are sent up from Durm's Linn, and if you  
find them unfit for service, you will employ  
some person to put them in order, in the course of  
day, as it is probable they will be called for to-mor-  
-row. I will be responsible for the expense. The  
muskets returned by y<sup>r</sup>. Company ought also to be  
attended to. - I have been compelled to impose more  
duties on you, than <sup>other</sup> any officer, on account of y<sup>r</sup>.  
locality, being all exposed at the same time of the  
ability & promptness with which they w<sup>ill</sup> be discharged.
