

Rich Neck Nov. 23. 1831

Dear Sir

I am very glad to hear of your return home

it is, however, I hope not too late to market. I am, in fact,
it is not, as I am certain white, will be better than, I am sure that is the
specimen of pure at B.M. The birds were 5 or 6 weeks ago blown
nearly all the the. I have done I got but very few my self they are in
the early part of the. The woman I thought of telling you I have
is a sister of Stephen and has been living with Mr. O.D. in A. M. M. M.
for several years and has been accustomed to them. His family
is in a good specimen. She is aged about 40 or 50 but has ever
been made. The reason why she is away is that her eyes is not good
regularly. She lives in the house, always, but \$4.22 and has cloth and
