Sir - I began to seed wheat
last Monday the 4th. the ground has been so
wet I have only ploughed two days that is on
on Monday and Tuesday I had the fallow dig-
ged again before seeding and it is in pretty good
order I have 31 hogs up besides the one at
the kitchen. the barn has been moved
I will send the sheep to Batt when the
Boat goes again I think you said the
the best ewes in the orchard were the best
