Dr Sir, Above you ^{have} a correct statement of
my account against you for eighteen
and fifty one. You will discover a deduction
to what it has been hitherto; so far as my
interest is concerned I might be sorry, but
so far as yours is promoted I would be
much gratified, and would pray for your
temporal success, & and especially your spiritual
prosperity. Will you permit me here to express
my profound respect to you, for the confidence
you have reposed in me, and the uniform
kindness and gentlemanly deportment manifested
towards me (Yours truly
Col Tighman James Dawson

As I have received it to some trouble, you
can pay at your own convenience
