

Parsonage Summary April 15th

Dr Sir,
I am sorry to say that previous to the session now ended I have had nothing to do with the accounts of the School. I am therefore unable to give you a general statement of your acpts with the school, my brother not having kept any books to which I can refer. It was the understanding of both of us that we were square at the commencement of this session. If this be not the case you will oblige us by giving a statement yourself from the papers in your possession - bills, receipts &c. In pecuniary transactions it must be recollected my brother is a little remiss at all times. Our accounts for the last session are as follows

Matthew Ward - board tuition &c	\$ 82.43
James " " do " do	88.47 $\frac{1}{4}$
Lloyd " " do " do	88.26 $\frac{1}{2}$
